SUBJECT: UFO

TO: AFSC (FTD)

The following UFO report is submitted in accordance with AFR 200-2:

a. Description of Object(s):

- (1) Shape: Round
- (2) Size: Star or planet
- (3) Color: light same as Venus
- (4) Number: one
- (5) Formation: None
- (6) Any discernible features or details: fast rate of speed
- (7) Tail, trail, or exhaust: None
- (8) Sound: no
- (9) Other pertinent or unusual features: no

b. Description of Course of Object(s):

(1) What first called the attention of observer(s) to the object(s)?  
watching Saturn through telescope

(2) Angle or elevation and aximuth of object(s) when first observed:  
30° North, due South to North course

(3) Angle or elevation and azimuth of object(s) upon disappearance:  
30° north, due South to North course.

(4) Description of flight path and maneuvers of object(s): smooth movement

(5) How did the object(s) disappear?

(6) How long (were) the object(s) visible? 5 to 6 minutes

c. Manner of observation:

(1) Use one or any combination of the following items: Ground-visual, air-visual, ground-electronic, air-electronic: Ground-visual

(2) Statement as to optical aids, used and description thereof:  
telescope and binoculars

(3) If the sighting occurred while air-borne, give type of aircraft, identification number, altitude, heading, speed and home station:

d. Time and Date of Sighting:

(1) Zulu time-date group of sighting: 0305Z/07 Sep

(2) Light conditions: night time

e. Location of Observer: (Latitude and longitude, and/or geographical position) FHGN 5047, near Alice, Texas

f. Identifying Information on Observer(s)

(1) Civilian - Name [REDACTED] (astronomer)

Age [REDACTED]

Mailing address [REDACTED] Texas

Occupation [REDACTED]

Estimate of reliability Thought to be reliable

- (2) Military - Name  
Grade  
Organization  
Duty  
Estimate of reliability

g. Weather and Winds - Aloft Conditions at Time and Place of Sightings:

(1) Observer(s) account of weather conditions:

(2) Report from nearest AWS or U. S. Weather Bureau Office of wind direction and velocity in degrees and knots at:

Surface  
6,000'  
10,000'  
16,000'  
20,000'  
30,000'  
50,000'  
80,000'

(3) Ceiling: 15,000 scattered; 3,000 scattered, 5,000 scattered

(4) Visibility: 25 miles

(5) Amount of cloud cover:

(6) Thunderstorms in area and quadrant in which located:

(7) Vertical temperature gradient:

h. Any other unusual activity or condition:

i. Interception or identification action taken:

j. Location, approximate altitude, and general direction of flight of any air traffic or balloon releases in the area which might possibly account for the sighting:

k. Position title and comments of the preparing officer, including preliminary analysis of the possible cause of sighting(s):  
 Information reported by Corpus Christi Naval Air Station and forwarded by 2 Lt Gary W. Pence, Officer of the Day, Laredo AFB.

1. Existence of physical evidence, such as materials and photographs:

1. In accordance with AFR 200-2 and our conversation of 7 September, the enclosed reports are for your information and action where appropriate.
2. Our analysis here, of these and other similar reports so forwarded indicates that these are thought to be observations of natural or known phenomena such as celestial bodies, stars, planets, etc; satellites or aircraft
3. Reports which we receive which indicate observations of an unusual or otherwise unknown nature will be so treated and forwarded as per basic regulation by expeditious means.
4. Our offices will continue to process each report as objectively as possible; and any information or further instructions from your office we will be glad to entertain.
